CAPABILITY STATEMENT

CORE COMPETENCIES

OPG+ is an in-situ oil and fuel clean up and remediation service that is environmentally friendly and a fraction of our competitor's cost.

- ✓ **24/7 Mobile Service**
- ✓ **EPA Approved**
- ✓ **Eliminates all hydrocarbons related to an oil or fuel spill on site**
- ✓ **Fuel rendered completely non-flammable in as little as 5 minutes**
- ✓ **No digging up and removing contaminates, the oil and fuel hydrocarbons are turned to water and CO2 on site**

DIFFERENTIATORS

- ✓ **On site response within 1 hour**
- ✓ **Available 24/7, 365 days per year**
- ✓ **Effective on all surfaces including concrete, asphalt, soil and waterways**
- ✓ **Nontoxic, biodegradable and harmless to humans, animal and marine life**
- ✓ **Less expensive than other clean up solutions**
- ✓ **Oil and fuel turned to water and CO2**
- ✓ **Listed on the EPA's NCP (National Contingency Plan)**

PAST PERFORMANCE

OSEII has been a chosen spill remediation solution by the US Department of Defense since 1994 and US Coast Guard. For additional case studies visit www.osei.us/

OPG+ supplies remediation services to several national equipment rental and construction agencies.

For example, a piece of rental equipment failed, resulting in **45 gallons of hydraulic fluid** being spilled. The hydraulic fluid was pooled on soil and around a storm water drain. **OPG+** was called and remediated the site within **3 hours**.

COMPANY DATA

OPG Plus LLC is a US based company established in 2017 to satisfy a growing need for natural, quick and effective spill remediation.

OPG+ has secured the license to service customers using Oil Spill Eater II (OSEII). Manufactured by Oil Spill Eater International Corporation since 1989. OSEII has a long and proven record of success, remediating over **36,000 spills** across the globe.

PERTINENT CODES

- ✓ **DUNS: 081254312**
- ✓ **CAGE: 852T5**
- ✓ **NAICS: 562910**
- ✓ **FEIN: 82-341-9013**
- ✓ **Small Business**
- ✓ **ACH and major credit cards accepted**

PRODUCT OVERVIEW

WHAT IS OPG+?

OPG+ Cleanup service utilizes a 100% biodegradable product that is the world's most environmentally safe and cost-effective remediation process for the mitigation of hazardous spills. Whether it's an oil, petroleum or grease spill, OPG+ will quickly make your site, and your business, safe and operational again!

A NATURAL PROCESS

OPG+ is an environmentally safe cleanup method because it uses nature's own bioremediation processes to effectively eliminate hazardous materials. OPG+ is not a bacteria (bug), fertilizer or dispersant product.

OPG+ is a biological enzyme that converts the waste into a natural food source for the enhanced native bacteria found in the environment. The end result of this process is CO₂ and water.

PROVEN SOLUTION

OPG+ will reduce your cleanup costs and permanently eliminate the hazardous waste problem in place, with no secondary cleanup required.

OPG+ is approved for use all over the world. Since 1989, OPG+ has safely remediated numerous types of hazardous materials on/in the ground and in the water.

JUST THE FACTS

- ✓ **Not a dispersant and does not leave a toxic residue in the environment**
- ✓ **Not a bacteria (bug), fertilizer or dispersant product.**
- ✓ **Eliminates all hydrocarbons related to an oil or fuel spill on site**
- ✓ **No digging up and removing contaminants, the oil and fuel are turned to water and CO₂ on site.**
- ✓ **Environmentally safe cleanup method because it uses nature's own bioremediation processes to effectively to eliminate hazardous materials.**
- ✓ **Approved by numerous countries for use, including the U.S. and Canada.**
- ✓ **Safely remediated numerous types of hazardous materials on the ground, in the ground and in the water.**
- ✓ **Effective on all surfaces including concrete, asphalt, soil and waterways.**
- ✓ **Less expensive than other clean up solutions**
- ✓ **Turns oil and fuel into water and CO₂**
- ✓ **Listed on the EPA's NCP (National Contingency Plan)**
- ✓ **Offers 24/7 Mobile Service throughout the state of Florida.**
- ✓ **Reduces Fire Hazard of Flammable Contaminants Within 5 Minutes**
- ✓ **ONE STEP process that permanently removes oil + fuel**
- ✓ **Non-toxic and completely safe for people + wildlife**
- ✓ **Completely diminishes contaminant odors**
- ✓ **Biological enzyme that converts oil, petroleum, + grease into a natural food source for the enhanced native bacteria found in the environment.**
- ✓ **Will not damage paint or glass surfaces**
- ✓ **Adheres to a spill's hydrocarbons, so wherever it is carried by current or wind, the remediation process continues.**
- ✓ **Safe to use on lawns + plants.**
